

Once everything is plugged in and powered, you will need to edit some settings on the phone:

1. Hit the Options button
2. Navigate to Preferences, then press Select
3. Scroll down to the Set Audio option, then press Select
4. Enter the Audio Mode sub menu, then change from Speaker to Speaker/Headset, then press Done
5. Scroll down to DHSG, then change the option from OFF to ON
6. Press the Goodbye button, then you are done
